ANNUAL SUBSCRIPTION
\$450 incl GST

Note: Exhibitors at any of our events have their profile page included in the exhibitor fee.

It's your place to live and learn.

Ascham School is a long established day and boarding school for girls on 4.4 hectares of beautiful grounds in a prime location near Sydney Harbour, only 3.5 kilometres from the CBD. Ascham provides a strong academic program within a friendly, inclusive culture. Through its liberal arts curriculum, the Dalton Plan, and extensive co-curricular offerings, an Ascham girl is supported to develop into a confident, independent, compassionate young woman with a sense of purpose in the world.

Ascham has an outstanding academic reputation, along with excellent Music, Art and Drama Departments. Sport plays an important role in the life of an Ascham boarder. Our girls regularly compete at the highest level, but it is not just for the high flyers – there is participation at all levels.

Since 1887, boarding at Ascham has created lifelong friendships within a very special community. The boarding houses are not an adjunct to the school – rather they are the heart of the school. Boarding is a home away from home, a place where girls become confident learners, independent thinkers and caring individuals.

The majority of Ascham boarders come from country NSW, with some from Sydney suburbs, interstate and overseas. They live in a number of spacious former homes, providing a family atmosphere, and they enjoy a supervised academic program as well as a comprehensive weekend activity program.

The Dalton Plan allows each girl to develop a rich intellectual life while individual attention from the teachers provides each girl with the support needed to achieve her best. It helps lift and sustain the academic progress of every one of our girls, whatever her abilities and aspirations.

Something for everyone here at BSEA HQ...

We hope your winter has not been too harsh on you - it's nearly over. One more sleep as the kids used to say.

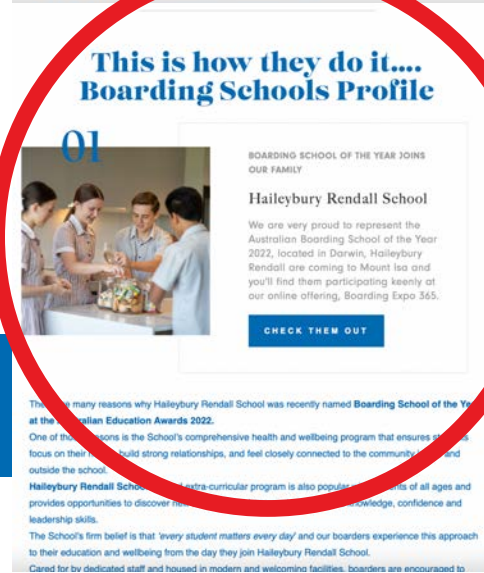

Each month when I hit send on the email I hope there's something in it for everyone - the nature of this business is that families are with us for a short time. They research their boarding school options, they refine their shortlist, they gain insights from our resources across our platforms, they send their child to boarding school, and then..... yep, you guessed it..... they unsubscribe!!! Devastating!!

Now while I do joke a little here with that sentiment I'd really like to think that there may be some little bits of gold in here for everyone, or something that you may like to share with a friend or family member. Perhaps you know a family that has their boarding school days ahead of them?

We've had a wonderful few weeks here - we're putting together our wrap-up magazine for our exhibiting schools which also acts as a prospectus for new schools thinking of joining our BSEA family. I've been interviewing schools and families, profiling them I guess, for this publication and I can't wait to see how it all comes together.

Of course it will be full of statistics from the past 12 months - for example the fact that over 1000 children and their families attended our face-to-face events this year in Dubbo, Wagga Wagga, Tamworth and our Moree Pop-up! Mount Isa is coming up and we're getting more rego's everyday for our online expo Boarding Expo 365.

Hope your Spring gets off to a good start, wherever you call home.

This is how they do it... Boarding Schools Profile

01

BOARDING SCHOOL OF THE YEAR JOINS OUR FAMILY

Haileybury Rendall School

We are very proud to represent the Australian Boarding School of the Year 2022, located in Darwin, Haileybury Rendall are coming to Mount Isa and you'll find them participating keenly at our online offering, Boarding Expo 365.

[CHECK THEM OUT](#)

There are many reasons why Haileybury Rendall School was recently named Boarding School of the Year at the Australian Education Awards 2022.

One of the reasons is the School's comprehensive health and wellbeing program that ensures they focus on their health, build strong relationships, and feel closely connected to the community, both inside and outside the school.

Haileybury Rendall School's extra-curricular program is also popular with students of all ages and provides opportunities to discover new interests, knowledge, confidence and leadership skills.

The School's firm belief is that 'every student matters every day' and our boarders experience this approach to their education and wellbeing from the day they join Haileybury Rendall School.

Cared for by dedicated staff and housed in modern and welcoming facilities, boarders are encouraged to

Some of the things we're loving.....

03

Gold from Ruby Riethmuller

Ruby's blog discusses the many ways you can parent and support your child from a distance - whether they're at boarding school or travelling you'll have some 'ahaa' moments reading this.

YALARI FOUNDATION AND KYOL'S JOURNEY

A story of opportunity and persistence

Oh wow we love Yalari and we loved them just that little bit more when we read this story about Kyol Blakeney. We'll keep shouting their commitment to educating indigenous children (and in turn their communities) from the rooftops... well our EDM's at least!

[READ MORE](#)

Share our newsletter with a friend and let them discover the good news about boarding and building communities away from the places we call home.

Enjoy your week, tune in to **Destination Boarding, The Podcast**,
