Anglican Church Grammar School

Anglican Church Grammar School (Churchie) is a leading Australian school offering an immersive seven-day boarding experience for boys in Years 7 to 12 on a sprawling 22-hectare campus, minutes from Brisbane's CBD. Providing Australia's rural and regional boys with an excellent education in a nurturing environment has been Churchie's mission for over 100 years. Proud of our heritage and welcoming to all, Churchie is steadfast in its commitment to being a great Australian boarding school.

Churchie's location in the heart of Brisbane provides easy access to all the services and recreational opportunities of a thriving world city. Situated on the largest inner-city school campus in Brisbane, Churchie Boarding truly is an experience like no other, where boys are fully immersed and supported in their development.

The school's academic options and tutoring support cater to the needs of a diverse range of students. Churchie has recently expanded its VET course offerings to include a Certificate II in Rural Operations in partnership with The University of Queensland Gatton Campus, providing an opportunity for boarders to further develop their agricultural skills.

All boys, no matter their goals, will find a place to grow at Churchie.

Something for everyone here at BSEA HQ...

We hope your winter has not been too harsh on you - it's nearly over. One more sleep as the kids used to say.

Each month when I hit send on the email I hope there's something in it for everyone - the nature of this business is that families are with us for a short time. They research their boarding school options, they refine their shortlist, they gain insights from our resources across our platforms, they send their child to boarding school, and then..... yep, you guessed it..... they unsubscribe!!!! Devastating!!!

Now while I do joke a little here with that sentiment I'd really like to think that there may be some little bits of gold in here for everyone, or something that you may like to share with a friend or family member. Perhaps you know a family that has their boarding school days ahead of them?

We've had a wonderful few weeks here - we're putting together our wrap-up magazine for our exhibiting schools which also acts as a prospectus for new schools thinking of joining our BSEA family. I've been interviewing schools and families, profiling them I guess, for this publication and I can't wait to see how it all comes together.

Of course it will be full of statistics from the past 12 months - for example the fact that over 1000 children and their families attended our face-to-face events this year in Dubbo, Wagga Wagga, Tarnworth and our Moree Pop-up! Mount Isa is coming up and we're getting more rego's everyday for our online expo Boarding Expo 365.

Hope your Spring gets off to a great start wherever you call home.

This is how they do it... Boarding Schools Profile

01

BOARDING SCHOOL OF THE YEAR JOINS OUR FAMILY

Haileybury Rendall School

We are very proud to represent the Australian Boarding School of the Year 2022, located in Darwin, Haileybury Rendall are coming to Mount Isa and you'll find them participating keenly at our online offering, Boarding Expo 365.

[CHECK THEM OUT](#)

There are many reasons why Haileybury Rendall School was recently named Boarding School of the Year of the Australian Education Awards 2022. One of those reasons is the School's comprehensive health and wellbeing program that ensures students focus on their health, build strong relationships, and feel closely connected to the community inside and outside the school. Haileybury Rendall School's broad extra-curricular program is also popular with students of all ages and provides opportunities to discover new interests, explore passions and build knowledge, confidence and leadership skills. The School's firm belief is that 'every student matters every day' and our boarders experience this approach to their education and wellbeing from the day they join Haileybury Rendall School.

02

WE'RE BUILDING OUR COMMUNITY

Have you heard?

There's a 'summit' out there for just about everyone...but until now there was nothing for boarding school families, or those thinking about boarding school.

[FIND OUT MORE AND PRE REGISTER](#)

Tune In to the Inaugural AUSTRALIAN BOARDING SCHOOLS SUMMIT, 21 October 2022.

When you consider that it is most likely the single biggest investment you will make in your child's life, it's no wonder that families want to know they're making the best decision based on the resources they have and the information at hand. We think it's about time that the broadest conversations about Australian Boarding Schools, the behind the scenes convos... the ones you don't have on the sideline.... happen in an open forum by some of the best in the business.

Jennifer Cowley OAM will lead panellists in discussions on a wide range of topics where we aim to open the conversations, and we hope you continue them. You can check out the program above, or visit the website and register. Once you register you'll receive reminders leading up to the event, 21 October, streamed online to you. You can watch it as it broadcasts, or you can save it for later. It's that easy.

Our panellists are leading experts in their fields and we'll be chatting about everything from nutrition, mental fitness and well being, professional development of boarding school staff, the benefits of a diverse education, building communities away from the home town. We'll find out just how Australian boarding schools are lifting their game, and if you ever lose sleep over how you're going to pay for it.... well we're opening up that topic

Some of the things we're loving....

03

SUPPORTING YOUR CHILD FROM A DISTANCE

Gold from Ruby Riethmuller

Ruby's blog discusses the many ways you can parent and support your child from a distance - whether they're at boarding school or travelling you'll have some 'ahaaha' moments reading this.
